

**PUBLIC NOTIFICATION
2018-2019 SCHOOL YEAR
ASBESTOS MANAGEMENT PLAN AVAILABILITY**

June 25, 2018

Distribute: Principals, Staff, Parents and Students

Re: **Notification of Asbestos Inspection and Management Plan Availability**

To: Whom It May Concern:

The Asbestos Hazard Emergency Response Act (AHERA) requires all schools to conduct detailed inspections to identify all asbestos containing building materials (ACBM) that may be present in the school environment. AHERA requires the inspection results and the associated Management Plan be submitted to the Louisiana Department of Environmental Quality (LDEQ). A copy of the Management Plan must be maintained at the administrative office for review by the public.

Juban Parc Elementary maintains a proactive asbestos awareness program. The architect responsible for the construction of the school has provided a letter stating that to the best of his knowledge, no asbestos containing building materials (ACBM) was used at this school. This letter of notification is an annual requirement to the public. If there are any questions, please contact the Designated Person, Danita Duffy at 225-686-4212 for more information or assistance.
